

14 HIGH-ENGAGEMENT FACEBOOK POSTS

POST 1 (Hook + Curiosity)

If you're posting every day and still not getting leads...

It's not because you need better content.

It's because you're missing this 🙌

🙌 Conversations.

Most people post... and wait.

But leads come from:

- Starting conversations
- Asking the right questions
- Actually engaging

That's what changed everything for me.

If you want to learn how this works, comment **"LEADS"**

POST 2 (Engagement Question)

Be honest...

What's your biggest struggle right now?

- A) Getting engagement
- B) Knowing what to post
- C) Starting conversations
- D) Turning leads into sales

Drop A, B, C, or D 🙌

POST 3 (Value)

3 reasons you're not getting leads:

1. You're posting without a clear CTA
2. You're not starting conversations
3. You're overcomplicating everything

Fix these... and everything changes.

Which one are you struggling with most?

POST 4 (Story)

I used to think I needed more followers to get leads.

So I focused on:

- Posting more
- Trying to go viral
- Chasing engagement

Nothing worked.

Then I realized...

- 👉 Leads don't come from followers
- 👉 They come from conversations

That's when things finally started clicking.

POST 5 (Contrarian)

Unpopular opinion:

Posting more is NOT the answer.

You don't need:

- ✗ 3 posts a day

- ✗ Fancy content
- ✗ Perfect branding

You need:

- ✓ Simple posts
- ✓ Real conversations
- ✓ Consistency

Agree or disagree?

POST 6 (Authority)

If I had to start over in network marketing today...

I would focus on ONE thing:

👉 Learning how to generate leads

Not recruiting.

Not pitching.

Not chasing.

Everything starts with leads.

Once you have that... everything else gets easier.

POST 7 (Engagement + Relatable)

Let's be real for a second...

Have you ever:

- Posted something and got zero engagement
- Sent messages and got ignored
- Felt like you're doing everything "right" but nothing works

Just say "YES" if that's been you 👉

POST 8 (Value + CTA)

Simple lead generation system:

1. Post something that gets attention
2. Ask people to comment
3. Start a conversation
4. Keep it natural

That's it.

Most people skip step 3... and that's why they struggle.

If you want a breakdown, comment “**SYSTEM**”

POST 9 (Story + Emotion)

I remember when I almost quit...

Nothing was working.

No leads.

No results.

Just frustration.

The problem wasn't effort...

It was direction.

Once I followed a simple system, things changed.

Not overnight—but consistently.

POST 10 (Curiosity Hook)

Nobody talks about this...

But the reason most people fail at getting leads is simple:

👉 They don't know how to start conversations

It's not content.

It's not the algorithm.

It's communication.

Once you fix that, everything changes.

POST 11 (Engagement Poll)

Quick question:

Would you rather...

- A) Have 1,000 followers and no leads
- B) Have 100 followers and consistent leads

Drop A or B 👉

POST 12 (Value + Mistakes)

3 mistakes beginners make:

- ✗ Posting with no CTA
- ✗ Waiting for people to message them
- ✗ Overthinking everything

The fix?

👉 Keep it simple and take action

Which one have you done?

POST 13 (Movement / Brand)

I'm building something different.

Not another "join my team" thing.

A real community focused on:

- 👉 Learning how to generate leads
- 👉 Building confidence
- 👉 Growing the right way

No spam. No pressure.

If that sounds like something you want...
